Dear Parents and Carers of Y5 Children

**RE: Parent's Evening for Y5**

As you are aware Miss Sherratt is still recovering from her knee operation, we are hopeful that she will return in March.

Miss Jones has been covering the class for 5 weeks now and is willing to facilitate an informal parents evening. Whilst she will not be able to discuss your child's learning and attainment in depth you will be able to look at your child's books and have a general discussion about their attitude to learning and possible areas for development. Please book a parent's evening slot as usual.

Kind Regards

Tracey Wynn  
Head Teacher

Dear Parents and Carers of Reception Children

**RE: Parent's evening for Reception Class Children**

The Reception class parent's evening will be an opportunity for you to meet Mrs Koszak properly. Whilst she will not have had time to understand your children's attainment and progress fully, she is currently assessing your children and therefore it will be an ideal opportunity to discuss your child's learning.

Mrs Koszak will also share her expectations for the second half of the Reception Year. We will also organise some parent's workshops over the coming weeks, inviting you to share some of your child's learning experiences.

May I take this opportunity to thank you for your understanding throughout the change of teachers and for your continued support.

Kind regards

Tracey Wynn  
Head Teacher
